

2011 INTERNATIONAL SCILAB OPEN SOURCE SOFTWARE CONTEST

Oct. 12-14, 2011, Beijing, China

Organizers

Sino French Lab in Computer Science, Automation and Applied Mathematics (LIAMA), China
University of Science and Technology Beijing (USTB), China

Co-sponsored by

Scilab Consortium/DIGITEO - France
INRIA, France
French Embassy in China
Institute of Automation, Chinese Academy of Sciences (CASIA), China
Ecole Centrale de Pékin, China

In Cooperation with

France Telecom, R & D Beijing
Thomson Broad Hand R & D Beijing
Bull Information Systems Beijing

International Advisory Committee

Songde MA	China
Maurice ROBIN	France
Youxian SUN	China
Pengcheng WU	China

International Organization Committee

Shi LI (Chairman)	China
Xiong LUO	China
Jin CHE	China
Fujun TIAN	China
Yanchang Wang	China
Xiyuan Wang	China
Dong ZHANG	China
Huan ZHANG	China
Cai KANG	China

International Program Committee

Zengqi SUN (Chairman)	China
Shi LI	China
Roberto BUCHER	Switzerland
Jun CAI	Belgium
Roberto COISSON	Italy
Xinmin DAI	China
Junping DU	China
Feng GAO	China
Claude GOMEZ	France
Maurice GOURSAT	France
Stéphane GRUMBACH	France

Yu HE	China
Xinhan HUANG	China
Baogang HU	China
Marc JAEGER	France
Tianzi JIANG	China
Feng KONG	China
Jianguo Guo	China
Xiaofeng LIN	China
Ding LIU	China
Zhijie LIU	China
Longhua MA	China
Taiping MAO	China
Ramine NIKOUKHAH	France
Wei PAN	China
Shiyin QIN	China
Linlin SHEN	China
Minfen SHEN	China
Serge STEER	France
Kejun WANG	China
Xingbo WANG	China
Yaonan WANG	China
Wansen WANG	China
Eric T.T. WONG	China
Tiejun WU	China
Guangming XIE	China
Huazhong XU	China
Dong ZHANG	China
Qizhi ZHANG	China
Zhiyong ZHANG	China
Mingguo ZHAO	China
Changle ZHOU	China
Jianwei ZHOU	China
Li YANG	China
Taijie YOU	China
Shiqi YU	China
Marc ZOLVER	France

Important Dates

Deadline of registration: Apr. 25, 2011
Deadline of work submission: Sept. 10, 2011
Awards Ceremony: Oct. 12-14, 2011

Important Venue

2011 Scilab Open Source Software Contest will be held in University of Science & technology Beijing, Beijing, China.

Contest Instruction

- (1) Participants can select any subject they are interested in. The software should include the demonstration of the creation, examples, and online help files. The language online help files may be English.
- (2) Demonstration of the procedure should program by Scilab, but you may also include other languages, such as C, Fortran, C++, and Java.
- (3) Toolboxes should be available in Scilab 4.0.x or higher.

Competition Purposes

- (1) To gain programming skill and talent on Scilab.
- (2) To develop novel teaching and research results through software.
- (3) To enhance the cooperation nationally and internationally.
- (4) To advocate scientific spirits of "freedom, sharing and innovation".
